HORIZON AN OUTDOOR LIVING COLLECTION

Sophisticated from every angle, the fashion-forward Horizon collection brings bold style to today's outdoor spaces. Crafted of natural teak wood, these unique designs are distinguished by clean lines, linear horizontal planes and softly rounded legs and corners. Perfect for creating a luxe, modern organic aesthetic outdoors, Horizon is expertly crafted from premium-grade, all-weather teak that will beautifully patina as it ages.

HORIZON WEATHER READY MATERIALS

NATURAL TEAK

ALUMINUM

HORIZON FEATURES + BENEFITS

- Chic designs that reinvent the appeal of classic, natural teak wood
- Frames crafted of strong, premium-grade natural teak that's historically durable, water-repellant, and resistant to warping or cracking
- Features stunning natural grain patterns
- Offered in a Natural Teak finish with Aluminum
- Next-level supportive comfort comparable to Vanguard's indoor upholstery based on engineered frame scale, pitch and cushioning materials
- Signature, trend-forward design details
- Fashionable performance fabric cover options
- Exceptional cushion comfort construction:
 - High-performance Qualux HR foam core (2.0+ density at 21 lbs. ILD) delivers softer surface with higher rebound for years of consistent support
 - Plush comfort layer (1.25 oz polyester fiber) wraps around foam core for luxe comfort and loft
 - Durable, water-resistant interior casing (non-woven fabric) is heat-sealed to prevent moisture penetration

HOW TO CARE FOR YOUR OUTDOOR FURNITURE
 Once the weathering of the finish begins, we recommend the following: Hose down the furniture (DO NOT use a power washer) and clean with Golden Care® Hardwood & Teak Cleaner using a sponge or soft scrub brush to remove dirt and loose paint, ensuring a clean surface. Allow the surface to dry for 24 hours. If exposure to moisture over time has raised the wood grain, sand lightly with 120-grit sandpaper. Apply Golden Care® Instant Grey to maintain the color of your finish. Allow to air dry for 24 hours. Apply Golden Care® Hardwood & Teak Shield to protect from UV rays, mold and mildew, and food and drink stains. **RECOMMENDATIONS:** Avoid letting water stand on the surface of furniture and cushions. Do not allow wet cushions to sit on a frame for extended periods of time, as trapped moisture will contribute to the deterioration of the finish. We recommend using furniture covers for teak items when not in use; furniture cushions and covers should be clean and dry before covering. Cushions should be removed - whenever possible - before covering the frames for longer than a few days to avoid mold and mildew build-up. If cushions get wet, tip them on their sides with the zipper facing down and unzipped to ensure that all water drains.

HORIZON BENCH SEAT EXTENDED SOFA OV100-ES1. (W 108 D 34 H 29) Fabric: SB-Jetties Mushroom. Natural Teak. Shown with one extra OP128 outdoor pillow in SB-Jetties Mushroom (*additional charge*). **HORIZON RECTANGULAR COCKTAIL TABLE O298CR.** (W 60 D 32 H 17) Natural Teak. **HORIZON END TABLE O298L.** (W 24 D 28 H 23) Natural Teak.

MATERIAL SPOTLIGHT

NATURAL TEAK

One of nature's finest creations, teak is renowned for its unparalleled beauty and durability. Each signature piece in the Horizon collection merges form and material to create a visual experience that inspires fine living.

HOW TO CARE FOR YOUR OUTDOOR FURNITURE Easy to clean with clear water and a pH-neutral fluid detergent. Stubborn stains can be removed with Aluminum Cleaner. If necessary, use a soft brush to remove the dirt from the pores. To protect the frame against the adhesion of dirt, Metal Protector with Teflon® can be used to apply an invisible, protective film. In saline environments, spray weekly with water to remove salt particles from furniture. Furniture should be cleaned periodically and always before storing. Cushions should be removed whenever possible.

A

WEATHER-READY MATERIALS

Elegant in cloud white, Breeze is crafted of strong yet lightweight contract-grade aluminum and UV-stabilized, high-density extruded polyester. Its deep-seated, lounge-style frames are powder-coated and feature a custom chamfered arm design that makes stylish outdoor living a breeze.

HOW TO CARE FOR YOUR OUTDOOR FURNITURE Synthetic Teak has the same texture as natural wood while being outstandingly water- and weather-resistant. With minimal care, you will be able to clean and maintain its beauty. Work the following steps into your maintenance routine and you're assured many seasons of fabulous and stylish outdoor lounging. Use heat-resistant pads under hot items (i.e. pots, pans, dishes, baking sheets, etc.) to avoid heat damage. Place coasters under any glass items to avoid heat damage from refracted sunlight. Rest cold beverages on coasters to catch any drip and avoid moisture rings. Light cleaning is best done with a cloth moistened with water or a mild soapy solution to remove dirt and debris. For deeper cleaning, use Simple Green or similar all-purpose cleaner and a heavy-duty scouring pad. Spray top until wet and scour in the direction of the grain. Do the top in 3 or 4 sections one at a time but clean the entire top for uniform results. Use non-abrasive cleaners such as dish detergent to remove oil stains immediately after formed to avoid long-lasting stains. The best way to remove surface imperfections, such as scratches and small dents, is to use a scouring pad. Sand lightly with the grain.

BLISS

AN OUTDOOR LIVING COLLECTION

Blurring the boundaries between indoors and out, Bliss raises the bar on luxe living outdoors. Thoughtfully designed to showcase the beauty of open weave design, its high-tech construction proves beauty is more than skin deep. While its rounded silhouettes, tailored details and modern organic mix of materials will catch your eye — it's Bliss' nearly indestructible construction that will win your heart.

BLISS WEATHER READY MATERIALS

HONEY WEAVE

SUNWASHED TRAVERTINE

NATURAL TEAK

BLISS FEATURES + BENEFITS

- Fresh, fashionable woven aesthetic with rounded forms
- Frames feature handwoven trellis weaves skillfully crafted from durable, UV-stabilized, high density polyester, all-weather extruded fibers that are bacteria and insect resistant and impervious to temperature and extremes and tearing
- Textural palette of finishes and materials with unique, nature-inspired color variations: Honey Weave, Sunwashed Travertine, and Natural Teak
- Next-level supportive comfort comparable to Vanguard's indoor upholstery based on engineered frame scale, pitch and cushioning materials
- Signature, trend-forward design details
- Fashionable performance fabric cover options
- Optional coordinating blanket
- Exceptional cushion comfort construction:
 - High-performance Qualux HR foam core (2.0+ density at 21 lbs. ILD) delivers softer surface with higher rebound for years of consistent support
 - Plush comfort layer (1.25 oz polyester fiber) wraps around foam core for luxe comfort and loft
 - Durable, water-resistant interior casing (non-woven fabric) is heat-sealed to prevent moisture penetration

HOW TO CARE FOR YOUR OUTDOOR FURNITURE The life of your fabric covered furniture largely depends on its care. Clean all spills promptly. Fabric life can be extended by simply rinsing down the furniture regularly with water and periodic cleaning with the solution listed below. Certain suntan and sunblock products may permanently discolor any fabric. This possibility can be minimized by immediately cleaning after contact. Prepare a cleaning solution with 1/4 cup (2 oz.) mild biodegradable liquid soap in a gallon of lukewarm water. Clean fabric with the solution using a sponge or soft bristle brush. Rinse thoroughly with clean water. Allow to air dry. For the aluminum base or tray, clean with clear water and a pH-neutral liquid detergent. Stubborn stains can be removed with an outdoor furniture cleaner. In saline environments, spray weekly with water to remove salt residue from furniture. Furniture should be cleaned periodically and always before storing.
